Education

Sanatan Dharma College — Sep. 2021 – May 2024
Bachelor of Computer Applications (BCA) — *A/cantt, Haryana*

S.D. Senior Secondary School — April 2020 – March 2021
I scored 91% marks in 12th class in Non.Medical — *A/cantt, Haryana*

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Internet Technology
- Computer Architecture
- Software Methodology
- Database Management
- Systems Programming
- System Design

Experience

Cling Multi Solutions — Feb 2023 – April 2023
Front End Developer Intern — *Work from Home*

- I have done 3 months internship in which my role as a front end developer. In this internship i worked on a React.js library of java script.
- It was great experience for me. In this internship i learned a lots of thing like how to lead the team and how to build a scalable application etc.
- Collaborated with team members using version control systems such as Git to organize modifications and assign tasks.
- Utilized visual Studio as a development environment in order to visualize the application in both iOS and Android.

Projects

Study Notion Website / *Javascript, React.js, Express.js, Tailwind Css, MongoDB* — **April 2024**

- Implemented a robust authentication system that allows users to log in as either an Instructor or a Student.
- Developed a comprehensive course management system for instructors. Instructors can add, edit, and delete courses directly from the application.
- Integrated an e-commerce module to allow students to purchase courses using Razorpay api. Ensured that purchased courses are accessible to students within their accounts.
- Designed a user-friendly frontend using modern technologies like React.js and tailwind CSS. Focused on creating an intuitive user experience for both instructors and students.

Pratham Sevak Ngo Website / *Javascript, Tailwind CSS, react.js* — **Sep. 2022**

- As an NGO, our website served as a powerful platform to showcase our organizations mission, vision, and impactful work to a global audience.
- Through a thoughtfully designed and user-friendly interface.
- The website featured real-life stories and testimonials to demonstrate the tangible impact of our organizations efforts.

Password Generator / *Javascript, React.js, Tailwind CSS* — **October 2023**

- This application creates a password automatically according to your given instructions. It has a very good user friendly Interface.
- It is a basic application which is developed using only react.js.

Technical Skills

Languages: Java, C, HTML/CSS, JavaScript, C++, Tailwind CSS
Developer Tools: VS Code, Eclipse, Google Cloud Platform, Android Studio, Replit
Technologies/Frameworks: GitHub, windows 11 , React.js, Linux, Express.js, Node.js
Data Bases : SQl, MongoDB

Leadership / Extracurricular

Hackathon — **March 2023**
Team Leader — *KUk University*

- In my first year of college i participated on a Hackathon in which i was a team leader and we worked on a great project.
- In this is we developed a education learning website and we got a third prize in this hackathon. it was a great acheivment for me and my team members.
- In the Extracurricular activity i like to play chess and playing cricket etc.
